Complaint received about noise pollution.....

The location of Woolley GMC Engineering is at the end of an industrial estate next to residential houses. With such a large engineering company, it is no wonder there is noise. JCW Acoustic Supplies, Fencing department to the rescue.....

Woolley GMC Engineering Head Office

Complaint to Council

A complaint was made to Coventry Council about the noise pollution from a local neighbour to Woolley GMC Engineering. The Council issued a 'Noise Abatement Order'.

The solution

The Council suggested a three and a half metre high by 31 metres in length, sound screen to be installed.

JCW to the rescue

JCW Acoustic Fencing, supplied and installed JCW's Reflective Soundscreen. The contract duration was 12th - 15th January 2015. It took two men four days and the value of the contract was £6,500.00.

A solution in pictures

The installation of JCW's Reflective Soundscreen Fencing from start to finish in January 2015.

Digging the foundations

All ready for the next stage

Foundations

Holes dug, poles in place and secured with postcrete mix. Next stage to erect JCW's Reflective Soundscreen.

The finished product

After four days work, the suggested Soundscreen fence is now in place. Another success story for JCW Acoustic Supplies.
